

Year 1 Home Learning Menu

Starters: Science

Look for minibeasts in your local community.

Compare the similarities and differences in the minibeasts that you find.

Describe the minibeasts. Use vocabulary such as legs, antenna etc.

Draw a detailed picture of one of the minibeasts that you find. Label the parts.

Main Course

Home Learning goes home ever Sunday.

- Spellings
- High Frequency Words
- Reading Book – read 3x a week to an adult. Record any feedback in the Reading Record. If feedback is not given your child will not be given a new reading book.

- Everyone **must** complete the main course.
- Dessert projects are optional. If you have completed it, you will be asked to present your work to your teachers and peers.
- If you are feeling *extra* hungry, you can order from the starters. Each dish has a difficulty rating. The more chilies, the more *challenging* the task!
- Why not spend some time tackling some of the family side dishes? Time spent as a family is important and you can learn together whilst having fun.

Dessert: Optional projects to be brought in on **3rd February**.

Create a world map and pin point your favourite holiday destinations. You can create a map using different materials and colours. You can make the map 2D or 3D. You can add photos if you wish.

Sides: Family Fun

- Go on a 'mini beast' hunt at your local park or garden centre.
