

# Student *Video Call* Protocol for Primary

- Use the calendar function of your TEAMS page to view your timetable and join live lessons
- Join the lesson when in a common (shared) area of your home ie. living room/kitchen if possible
- Be ready before the lesson with everything you need
- Join each meeting with your camera and 'mute' on
- Complete all work to the best of your ability
- Behave just as you would at school (ie. dressed properly, being responsible and self-aware) and remember to keep snacks for when you are off-line
- Remember that TEAMS is for learning and not chatting with friends
- Teachers will record lessons so you don't need to
