

## NORD ANGLIA EDUCATION FAST FACTS

### Updated as of September 2019

#### About Nord Anglia Education

Nord Anglia Education (NAE) is the world's leading premium schools organisation, with campuses located across dozens of countries in the Americas, Europe, China, Southeast Asia, India and the Middle East. Together, our schools educate tens of thousands of students from kindergarten through to the end of secondary school. We are driven by one unifying philosophy: we are ambitious for our schools, students, teachers, staff and communities, and we inspire every child who attends an NAE school to achieve more than they ever imagined possible.

Every parent wants the best for their child — so do we. NAE schools deliver high quality, transformational education and ensure excellent academic outcomes by going beyond traditional learning. Our global scale enables us to recruit and retain world-leading teachers and to offer unforgettable experiences through global and regional events, while our engaging learning environments ensure all of our students love coming to school.

Founded in 1972 in the United Kingdom, the name Nord Anglia reflects the company's beginnings in the north of England. NAE initially offered learning services such as English-as-a-foreign-language classes and grew during the 1980s by opening full-scale nurseries and kindergartens. In 1992, NAE opened its first international school, the British School of Warsaw. In the 2000s, the company began a strategic focus on premium international schools, with rapid growth in Asia, the Americas, China and across Europe and the Middle East. A truly international organisation, NAE now operates premium international schools worldwide. In July 2019, the company relocated its headquarters from Hong Kong to London, enabling even stronger growth in the future.

## Our Philosophy

We are united by our philosophy, to be ambitious for our students, our people and our family of schools. We believe: there is no limit to what every student can achieve; learning should be personalised to each child; and unique global opportunities enhance every student's learning experience.

We believe that being part of our family gives our schools a special advantage. Working together, we can achieve more than we can individually. Our schools have access to a wide range of resources and support to enhance their success. We also create unique opportunities to benefit our students and people, such as Global Campus, Nord Anglia University and our collaborations with The Juilliard School, MIT, UNICEF and King's College London.

## Global academic results for the 2018/19 academic year

International Baccalaureate Diploma Programme (IBDP)

- This year's average diploma score across NAE was 10 per cent higher than the global average.
- Our groupwide average IB diploma score was 33 points out of 45, surpassing the 2018 average of 30.
- 34 NAE schools offered the IB diploma this year, with 1269 students sitting the exam.
- More than 130 students across the family of schools achieved more than 40 points out of 45.
- We also had four students achieve the perfect score of 45.

International General Certificate of Secondary Education (IGCSE)

- 50.1 per cent of grades at the equivalent of A\*/A (grades 7-9 in the new GCSE framework), compared to 20.6 per cent of students across the UK achieving the same results.

A-levels

- 39 per cent of grades at A\*/A, well above the global average of 25.2 per cent.
- 63.8 per cent of grades were A\*/B for the year, also well above the global average of 51.1 per cent.

French Baccalaureate

- 100 per cent pass rate for the second year running from all three NAE schools offering this qualification: Collège Alpin Beau Soleil, Collège Champittet, Pully and Collège du Léman
- 32 per cent of students receiving "mentions très bien" for their diploma.
