**RE: POSTGRADUATE RESEARCH PROJECT**

Dear Parent/Guardian,

Ms. Pantasoulas, your child's EAL teacher, is undertaking a research project related to "the processes of understanding formed by students" as part of her postgraduate course with the University of Nottingham. The University requires that we need you to be notified and your written consent received for what is quite normal university level research.

Ms. Pantasoulas will be monitoring your son/daughter and the understanding they achieve in six lessons on creative writing and some of their work or answers may be used in her assignment. Throughout this process anonymity will be guaranteed and all information will be treated with the strictest confidence.

This research will take place during normal teaching hours and classes, but it will in no way disrupt the learning of students or introduce learning styles that are out of the ordinary.

Please complete and return the following consent slip to allow this to happen. Many thanks for your assistance.

Kind regards,

Chris Share  
Head of Secondary
