

Year 5 Home Learning Menu

Starters: Numeracy

Find all multiples of 6, 7, 8 and 9.

Identify all the prime numbers from 1-100. Write an explain of what a prime number is.

Can you find any common factors of 5 and 20?

Create a poster teaching children about square and cube numbers.

Main Course – you **MUST** do these every week:

- 🍏 Reading 3 times a week
- 🍏 10 spellings
- 🍏 Times Tables
- 🍏 Mathematics
- 🍏 Reading Eggs

- 🍏 Everyone **must** finish the main course every week. Work must be completed by Tuesday.
- 🍏 Dessert projects are optional. If you have completed it, you will be asked to present your work to your teachers and peers.
- 🍏 If you are feeling *extra* hungry, you can order from the starters. Each dish has a difficulty rating. The more chilies, the more *challenging* the task!
- 🍏 Why not spend some time tackling some of the family side dishes? Time spent as a family is important and you can learn together whilst having fun.

Dessert: Optional projects are due on **17/12/18**

- 🍏 Create a model of the solar system which includes the sun and all the planets.
- 🍏 Research a famous astrologer astronaut and present your findings in a PowerPoint, poster or fact file.

Sides: Family Fun

- 🍏 Go stargazing with you family Can you spot any famous constellations?
- 🍏 Have a go at making a space themed dinner. What could you eat? Prepare and cook it as a family.
