## SCHOOL PRINCIPAL

As we come to the end of the academic year, we are saying goodbye to our Head of Primary, Mr. Wathern, who is moving to the British School of the Netherlands. I am sure that parents, staff and students will join me in thanking Chris for his contribution over the last 2 years, and wishing him and his family all the best for their future.

Chris will be succeeded by Matthew Cox. Matthew was previously the Head of Garden School in Guangzhou, and before this was Head of Elementary at UWC in Singapore. Matt will be involved in our transition programme for the remainder of the year, to ensure he is fully involved in all decisions that impact on Primary.

As well as saying goodbye to key members of staff, I would like to congratulate Danielle Mckenna and Paul McConnell, our Heads of EYFS and Secondary, for an exceptional first year in post. Danielle joined us from the British School of Beijing, after taking over from Katherine Weir-Davis. Mr. McConnell has clearly enjoyed himself after taking over from Garry Russell. I'm quite sure that they will both be looking forward to the summer break.

The British School has come a long way since it was founded in 2005, and is now considered by many to be the number one international school in Guangzhou. We remain committed to making year on year improvements to facilities, as we continue to work towards our goal of becoming the number one international school in China. I am proud to announce that in August 2020, we will open a new purpose-built campus that will provide an alternative option for EYFS and Primary students.

Current facilities are at capacity and we are very much looking forward to the opening of the Olympic Park School. With a large gym, dance studio, theatre, two canteens, an indoor pool and dedicated STEAM, IT, art and food tech areas, we expect demand to exceed supply for the 800 available places. This will have the added benefit of creating space for Secondary growth in Nanhu, which demonstrates Nord Anglia's willingness to invest in BSG. We look forward to providing parents, students and staff with an opportunity to view the new facilities to allow them to make an informed choice.

I want to take a moment to congratulate our PE department for providing students with so many options to improve their skills and to take part in competitive sports. I was very impressed to see our students perform so well in the Nord Anglia Games in March. Our year 7 students achieved an impressive 2nd overall, with a number of students also receiving gold in the individual sports.

March was also notable for the Secondary production of 'Back to the 80s'. For the last 4 years Alex Hughes has been responsible for producing our Secondary performances and this impressive final show was testament to her ability to inspire our older students. Over the last 4 years, Alex has inspired students to perform in 4 successful productions. Those of us who have been lucky enough to see Hairspray, Sweeny Todd, Grease and Back to the 80s I am sure you will join me in thanking Alex and wishing her every success in her new role at Bromsgrove International School in Thailand.

As I reach the end of my message, it's fantastic to learn that our A-Level graduates have already received 15 university offers for next year, including three unconditional offers. I look forward to hearing how they have all got on after the summer break.

For now, enjoy time away with your families and I look forward to seeing you all again in August.

*"I am proud to announce that in August 2020, we will open a new purpose-built campus for EYFS and Primary students."*

*Mr. Garry Russell*

## VICE PRINCIPAL

As I come towards the end of my third year at BSG, the pace of change and improvement never ceases to amaze me. This is a very, very busy school and the learning experiences for our students, both inside and outside of the classroom, are highly impressive.

However, as we continue to grow and develop, it is important to remember our core values and consider the way we interact with each other. Schools should be about relationships and people, before buildings and policies. This year, we were visited by a team of highly experienced Nord Anglia Education advisors. They instantly recognised the warmth and positivity that flows through our school and the way that students, teachers and parents work together to make BSG the happy, ambitious and successful school that it is.

This year, I have had the opportunity to see the school from a different perspective, from the viewpoint of the Vice Principal. I have particularly enjoyed being more involved in the Primary and Early Years phases, and have a renewed respect for the teachers and teaching assistants within these year groups.

I recently had lunch with a group of Year 5 and 6 students; I asked them what they thought the job of the Vice Principal involved. I was slightly surprised to hear that they thought I drove the school buses and that I was responsible for tasting all of the lunches to ensure they were safe! One Year 5 student suggested that 'you walk around a lot' and, I suppose, that is a key part of the role. Walking the corridors, dropping in to assemblies, attending meetings, judging competitions, being on duty are all certainly more preferable to answering the mountains of emails that arrive every day.

What I see on my walks can only be described as magic. Our teachers are the magicians who, day-in, day-out, work wonders to engage our students in a myriad of learning opportunities way beyond anything I have seen in any other school. I see cheerful students who are keen to learn and are respectful and responsible in the way they go about their lives. I see parents supporting the school in a hundred different ways, fully aware that a great school thrives on a partnership of hope.

I see support staff, whose dedication is nothing short of incredible. None of this, of course, happens by chance. It has taken years of care and commitment.

The lead magician, our Dumbledore if you like, is, of course, Mr Thomas. Having worked very closely with him this year, he leads by example, exudes the core values of the school and is a role model to us all.

Thank you to those teachers who are leaving this year and good luck to any students who are moving on. You will always be a part of the BSG story and this yearbook will provide many great memories for years to come.

To all - have a great summer holiday  
– you deserve it!

*"Our teachers are the magicians, who day in day out, work wonders to engage our students in a myriad of ways beyond anything I have ever seen."*

## HEAD OF EARLY YEARS

As I sit at my desk writing my first introduction for the Early Years section of the Yearbook, I am filled with an immense feeling of pride. The pride that I am feeling is for our staff, our children and our parents all of whom make Lakefront what it is. Since joining in July, I knew that taking on the role of Head Teacher was going to be an exciting adventure, however, I never anticipated just what joys and experiences we would share during my first year here at The British School of Guangzhou.

Any of you who have made it up the hill to our campus will agree that as you enter through the door at Lakefront, you are greeted with a sense of familiarity, a comfort and a genuine sense of family. For the staff in Lakefront, this is exactly what Lakefront is. I have never worked in a school that has such a dedicated team of people working together to achieve the same goal. That goal is our aspiration to do our best so that your children will be happy, challenged academically and feel excited to come to school each day.

Every morning I stand at the front gates of the campus and watch the children getting off the bus together, or getting lifts to school with family. The friendships that are flourishing at such a young age ensure our children are socially ready for education. The independence skills that they illustrate as they gather their belongings; lunch or snack boxes, PE equipment and even boxes of cakes for our Bake Sales, highlight the personal independence skills that our little ones have achieved from as early as two years old. Our students are a snapshot of what the children of the future will be – personally, socially and academically ambitious.

To choose one single pinnacle of the year is a challenge, as we have celebrated so many wonderful achievements – the Christmas Performance, Chinese New Year Celebrations and our very special Family Christmas Brunch, but I would have to say the introduction of the Parent Assemblies in Term 2 have been a personal highlight. Every Thursday, one of our classes showcases their learning for their family. Since starting this event, the standard of performances has truly blown me away. Watching a class of eighteen Pre-Nursery children perform by singing songs and reciting poems or a class of Reception children talking about their personal learning adventure is really outstanding.

When we remind ourselves of the ages of our students, many who are only starting out on their journey of developing their language skills in English, it accentuates just what our children can achieve with premium education, care and attention.

Every fortnight, Lakefront hosts and organises 'Little Learners'. This session is for our youngest members of the community and it is the cutest group of learners you will ever meet! We welcome families who have babies and toddlers who are not yet school age or who are on the search for the perfect educational setting for their children. Each week, the children are treated to a Juilliard music session, storytelling, sensory investigation activities and STEAM learning. The quality of these sessions is remarkable and incomparable to any other on offer. I would like to thank the admissions and marketing team for bringing these families together. A special thanks to Ms Cindy from Chartwells Catering – any of our parents who have had the pleasure of participating in the family school lunch will agree that the quality of food on offer is outstanding and delicious every day.

If you would like to join the Little Learners, please contact Ms. Karen Su from our Admissions team: [karen.su@bsg.org.cn](mailto:karen.su@bsg.org.cn).

None of this would be possible without the devotion and commitment of the staff in Lakefront: our teaching staff, our teaching assistants, our specialist teachers, our administration and facilities team, and our new Early Years Parent Support Group. They go the extra mile every day and do so with pleasure, all for the good of the children. I want to thank them from the bottom of my heart for welcoming me with such genuine affability. It has been amazing and I am very excited to finish this year on a high and begin 2019/20 with this team of outstanding individuals. Together we will ensure Lakefront continues to thrive.

*"I have never worked in a school that has such a dedicated team of people working together to achieve the same goal."*

# *Mr. Chris Wathern* HEAD OF PRIMARY SCHOOL

It's with mixed emotions that I write my entry for this edition of our Yearbook. On one hand, I am very sad to be leaving the community at the end of this academic year. Whilst excited about moving to The Netherlands to take on a new role, I will miss being part of the many exciting and enjoyable opportunities that take place at BSG.

To our parents, I want to thank you all for the tremendous support you have given me, the team and students at BSG. It has been an absolute pleasure leading Primary for the last two years. I work alongside a fantastic team of staff. They give above and beyond what's expected and deserve to be congratulated on maintaining and developing a dynamic school where children come first. I want to thank them all for their invaluable contribution to BSG.

It's hard to summarise the highlights of this last year – there have been so many. One of our proudest achievements must be the opening of South Park. Working alongside teams of staff, South Park opened on time and has realised its ambition of providing a high-quality learning environment for our youngest Primary students. This was no easy task, but is one that has fulfilled everyone's expectations. This year we have also seen a number of new initiatives to improve our curriculum offer. One such example is 'opening up' the school for our Stay and Learn events. These have been very popular and an ideal way for parents to better understand our curriculum and the way we teach, and children learn in our context.

Finally, to our dedicated and hardworking students. Thank you all for the joy you bring to teachers each day and the commitment you show to demonstrate our core values in action. I wish you all the very best in your future studies and I hope that, like me, you take many fond memories from BSG with you into your future lives.

再见  
Zàijiàn

## HEAD OF SECONDARY

A yearbook is always an opportunity to reflect upon and celebrate the wonderful range of events and activities that make our school so special. It also marks the passing of another year in the history of our school ... for some their final year. What is without question, whether you have been here for a relatively short time or have moved through from Primary years, you will leave us with many, many fond memories and smiles on your faces.

I have been fortunate to work in several great schools and have enjoyed the opportunities they have offered. However, The British School of Guangzhou is different! It quickly gets into your blood. It pushes you, challenges you and forces you to be a better and stronger person. A glance through this year's collection of memories quickly reminds you of that fact! What is more, the staff are also required to stretch themselves to become better teachers and try new things in and outside the classroom. For me, hearing about our energetic sports programme, watching our wonderful musicians and actors has provided almost weekly highlights. Sharing success through Global Campus competitions, Accelerated Reader, UKMT, to name but a few, have all proven that commitment to learning is key to nurturing and harnessing a love of learning.

I have enjoyed every minute of my first year as Head of Secondary and feel very fortunate to be part of the BSG community. All our successes to date have been guided over the years as a result of hard work from other dedicated staff members, some who have now left BSG, but I must thank Mr. Thomas and Mr. Russell for the opportunity to lead the secondary school forward. It is now incumbent upon all staff and students to maintain and build upon the high standards that have been put in place to ensure our school continues to be the very best version of itself.

For those who are moving on, both staff and students, we thank you for your contribution and wish you well. To our Year 13 students, your hard work and commitment to your studies will pay dividend. I am more than confident that you will get the examination results you require to secure the next steps in your very bright futures.

Enjoy this yearbook - treasure it and keep it close to you, and remember, no matter where the path ahead lies, you will always have a place in The British School of Guangzhou's history.

*"I have enjoyed every minute of my first year as Head of Secondary."*

STEAM

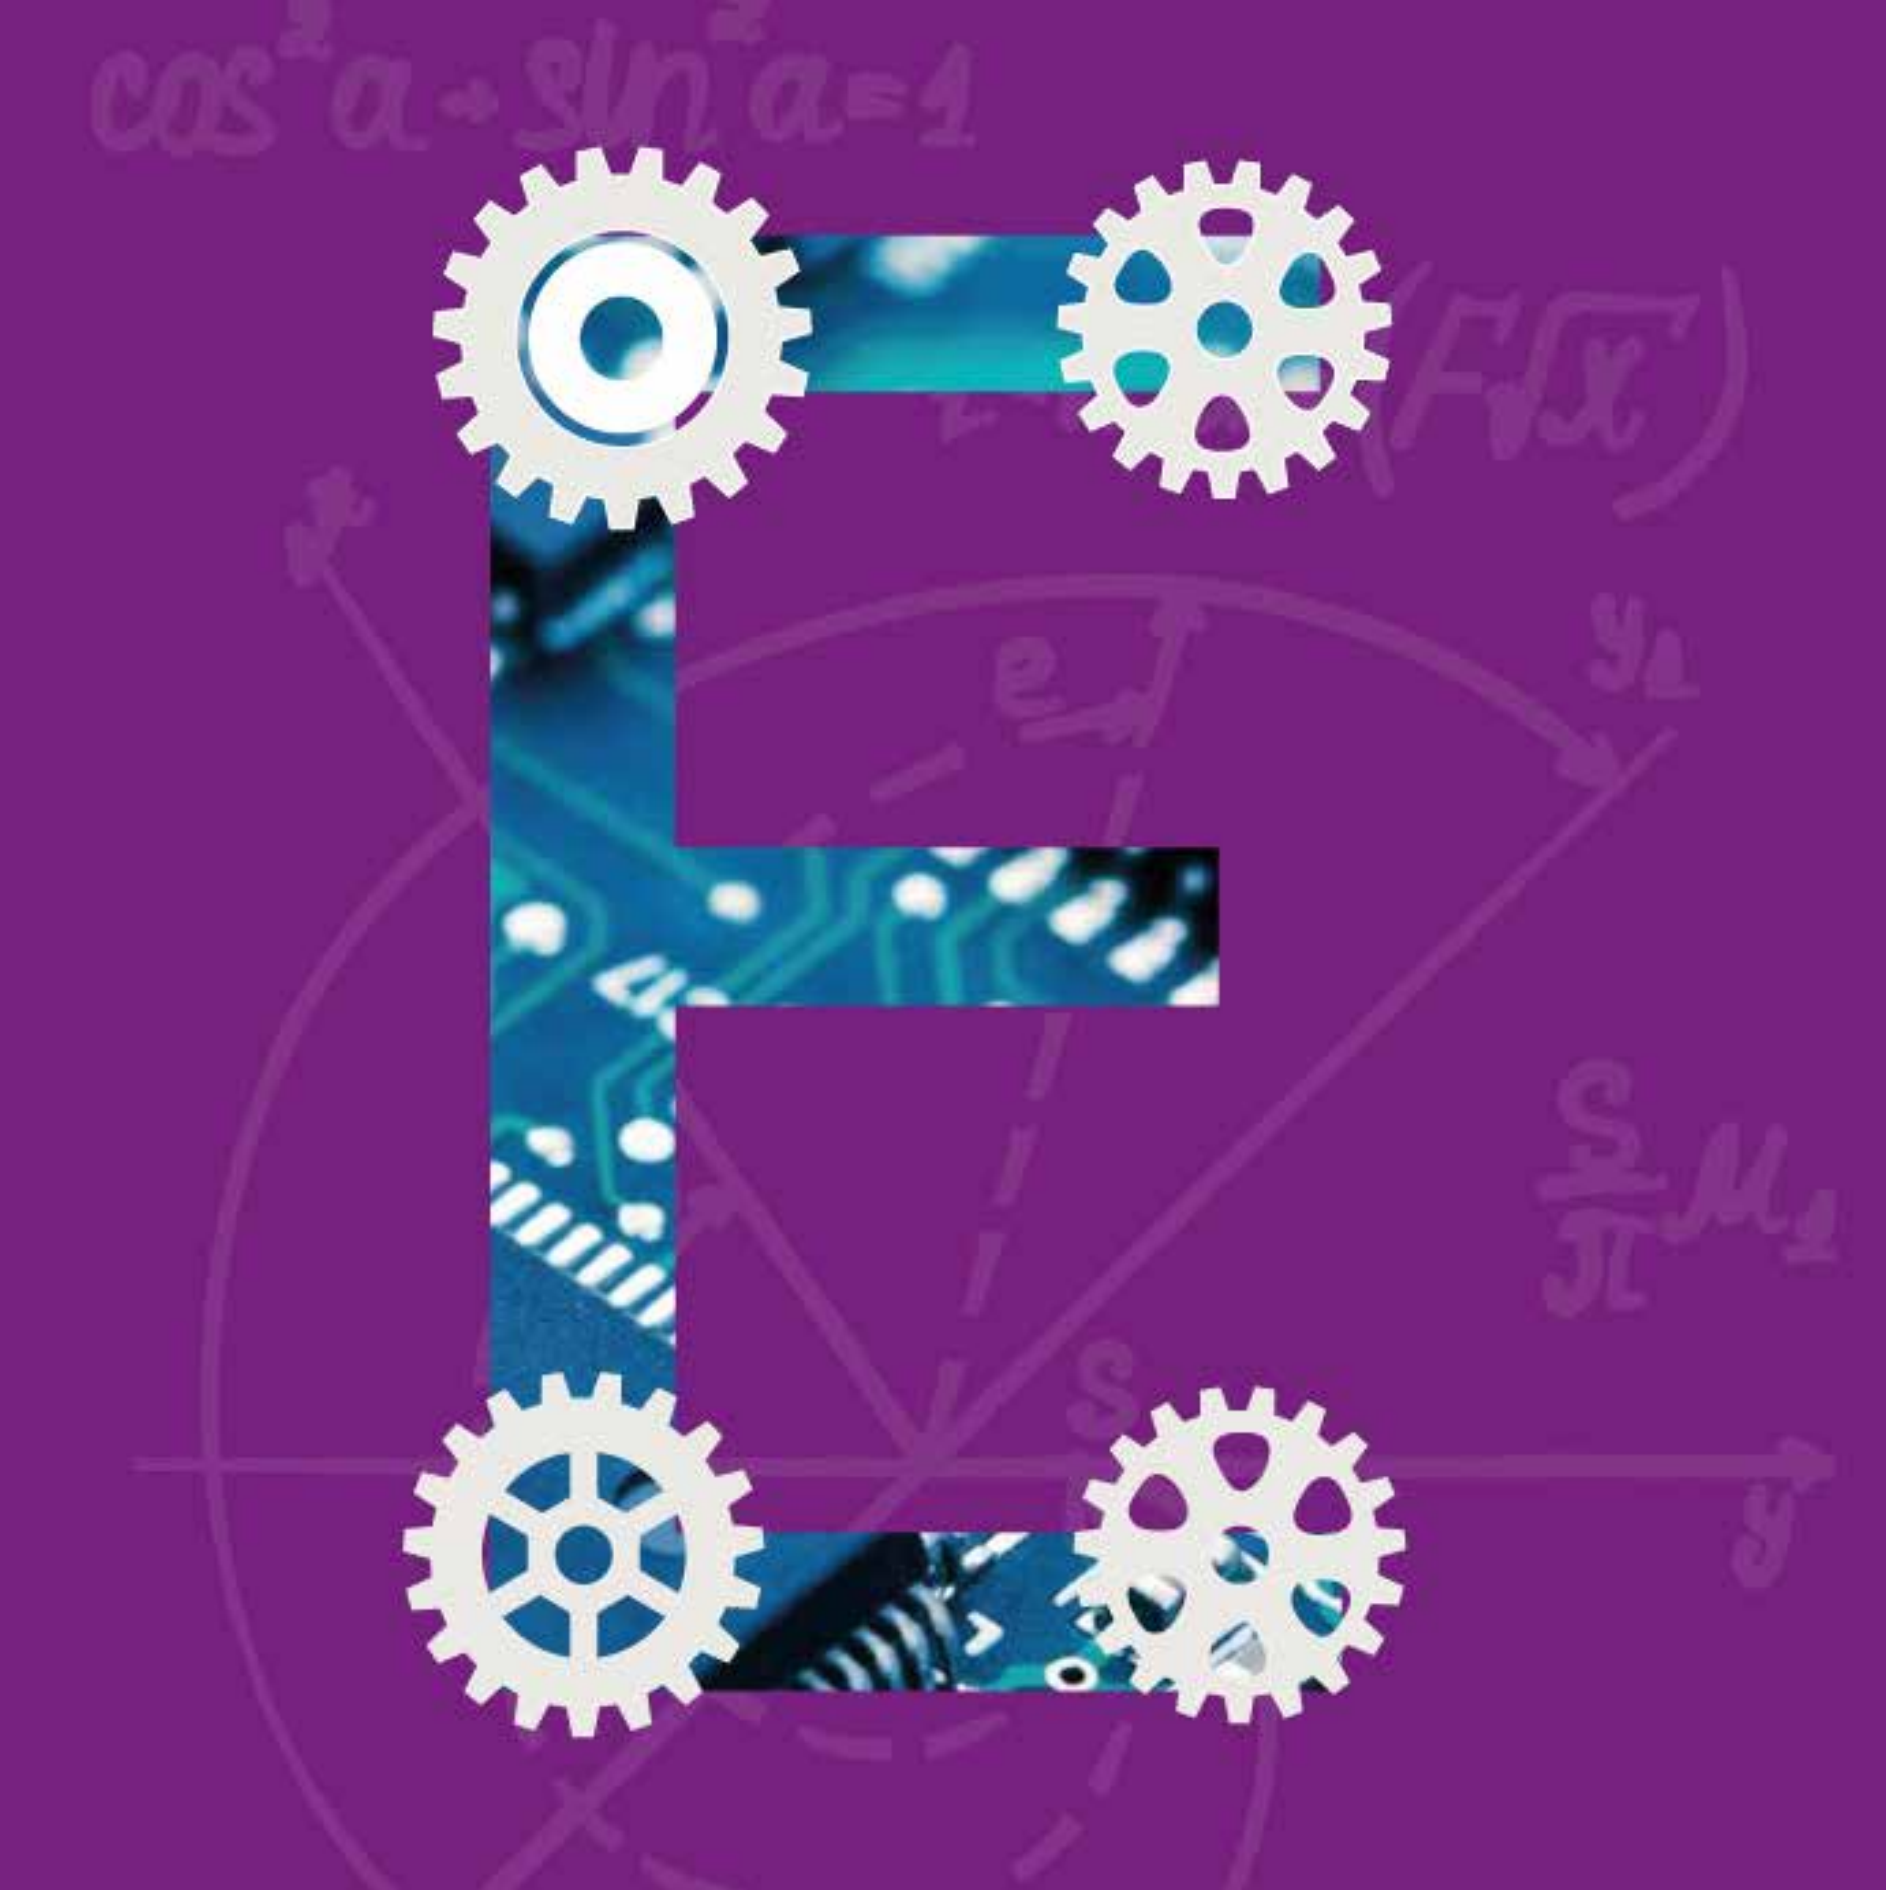

Succeeding in the 21<sup>st</sup> century means learning how to think, not what to think. Nord Anglia Education's collaboration with Massachusetts Institute of Technology (MIT) is designed to prepare students for our rapidly evolving world, equipping them with the skills and techniques to thrive. Through hands-on, interdisciplinary learning of STEAM subjects (science, technology, engineering, art and maths), your child will develop the transferrable skills needed to invent the future they will ultimately inherit.

Helping your  
child *invent*  
the future

## Year 7

### PUGLY PROJECT

Year 7 students were set the task to design and make their very own Pugly. They had to use felt and recycled materials to create a character with a distinct career.

They learnt different embroidery stitches including running stitch, back stitch, cross stitch and blanket stitch.

SIMERJIT SINGH 9C

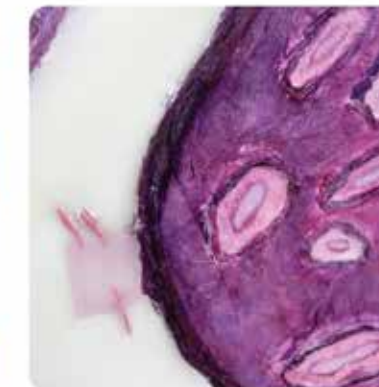

Year 9 were challenged with the task of creating a series of pieces that all linked back to their own identity in some way. Exploring transfers, print and collage they composed these outcomes with themes based on themselves; their likes, where they are from, their names, their dreams.

# Steam

Taking inspirations from the animal kingdom and artist Lin Bolin, Year 8 and 9 students explored methods of camouflage. They observe different techniques to replicate these incredible qualities by painting a selection of surfaces onto their arms!
