

Global Campus

We learn better, together

**By Dafydd Wynne, Assistant Head of Primary
and Matthew Charlton, Primary Global
Campus Leader**

Learning for the future

Learning has no limits at Nord Anglia Education. Every Nord Anglia school offers engaging learning environments to ensure your child loves coming to school. All students are a part of more than just their own school; they are involved in a virtual learning environment called Global Campus where they learn with fellow students around the world..

Accelerating Growth in Technology

Global Campus is an online platform where Nord Anglia Education students connect, learn and interact with one another through collaborative projects

Accelerating Growth in Technology

“Global Campus pushes students to step further beyond themselves to connect with other young people and share their global interpretations of the world around them.”

Stacey Carmichael Nord Anglia Education Programme Manager

“Engagement in our Global Campus projects supports students to achieve great things all over the globe, enables them to connect with and learn from each other, and inspires them to push beyond what they thought they were capable of.”

The finer details

- Global Campus is a personalised online learning platform.
- Only students from Nord Anglia have access to the platform.
- Our team of experts monitor all online activity.
- Only students over eight have direct access to the platform.
- Under eights are supported by teachers and Global Campus leaders in their classrooms.

The *benefits* of Global Campus...

Features

- Your child can engage with children from 25 countries and over 130 nationalities on an interactive online platform, unique to Nord Anglia.
- Global Campus includes activities and competitions, designed by experts, to support all areas of the curriculum.
- Global Campus includes content for students from age 2-18, enhancing what students do in each of their schools.

Benefits

1. Immerses students in international projects and challenges
2. Develops students' Creativity, Collaboration, Courage, Critical Thinking, Cultural Awareness and Communication
3. Encourages students to discuss, collaborate, compete and celebrate with one another
4. Provides students with an extensive range of learning opportunities 24/7/365

Managing My Feelings

We All Have Feelings

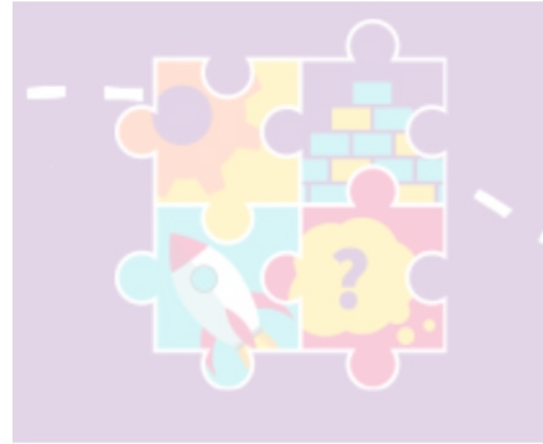

WE ALL HAVE FEELINGS
We all have feelings, big people and little people.
Feelings live inside each one of us.
Do you know what they are? What they look like?
Let's take a look...

Two cards are shown, each with a different smiley face: a blue sad face and a yellow happy face on the left card, and a yellow happy face and a pink sad face on the right card. The cards are pinned to a surface with silver clips.

Junior Forest School

Curiosity Corner
Popsicle Stick Catapults

Virtual School Experience

Method:

1. Set aside 2 sticks, and stack the remaining 8 into a pile.
2. Tie one end of the pile together with an elastic band.
3. Take one of the sticks you set aside and slot it in between the top stick and the rest of the pile, at a right angle.
4. Tie another band around the other end of the stack.
5. Put the remaining stick on top of the pile at a right angle to match the other stick.
6. Tie the last band around the top of these two sticks so that they form a triangle.
7. Place the catapult on a hard surface – the top is the side where the last stick was added.

You will need:

- 10 Jumbo popsicle (lolly) sticks
- 3 elastic bands
- Playdough, modelling clay or plasticine

Things to consider...

- Does the size of the sticks affect how far the object launches?
- Does the shape of the object launched affect how far it goes?
- Does the weight of the object launched affect how far it goes?

Global Goals Explorers: Parents Guide

The Global Goals Explorer materials on the Global Campus are designed to introduce young children to the Global Goals.

The activities were developed by the World's Largest Lesson, in partnership with UNICEF and supported by Hasbro.

The screenshot shows the 'Elmer' website interface. At the top, it says 'Hello Matthew Alexander, welcome to Virtual Story Sacks: Elmer!' and provides a welcome message. Below this is a video player titled 'Introduction to Elmer Story Sacks'. Underneath the video is a 'Linked Activities' section with buttons for Language Development, Personal Development, Physical Development, Literacy, Maths, Understanding the World, and Art & Design. At the bottom, there is a 'Further Activities & Additional Resources' section with a list of links.

A vertical sidebar of navigation and help links. From top to bottom: 'Quick Links' with buttons for 'Story Sacks', 'Your Safety Guide', 'Junior Elements Projects', and 'Forest School'; 'For Parents: Top Tips' with a 'View top tips' button; 'For Parents: What you need to know' with a 'View Story Sack' button; 'For Parents: Virtual Story Sacks' with a 'View Sacks' button; and 'Sharing Well' with a 'View Sacks' button.
