

Introduction

The British School of Guangzhou (BSG) is the largest fully international school in Southern China. Established in 2005, exclusively for international children aged 1 to 18 years of age, the school is a co-educational fee-paying day school with approximately 1400 students from 56 countries attending. The Secondary school runs from Year 7 to Year 13 and has around 400 students enrolled.

As part of Nord Anglia Education's global campus, the school enjoys unique collaborations with King's College London, The Juilliard School, New York and the Massachusetts Institute of Technology (MIT), all of which contribute directly to curriculum development and teacher training.

The school year runs for 185.5 school days, starting in mid-August and finishing at the end of June. English is the language of instruction throughout the school. The current Year 13 cohort totals 21 students and will be the sixth graduating class.

Curriculum

The British School of Guangzhou offers The English and Welsh National Curriculum to students from Year 7 - 9. In Year 10, students embark on a two-year (I)GCSE programme, resulting in an externally assessed qualification for each individual subject. Typically students complete between 9 and 11 (I)GCSEs including English, Mathematics and Science. Year 12/13 students complete A Levels in either three or four subjects over a two-year period. Students taking A-Levels sit examinations at the end of Year 12 in all subjects, except Fine Art, Music and Physical Education, to achieve a standalone AS Level qualification. Students will then go on to complete the full A Level during a second year of study, with all remaining examinations sat at the end of Year 13. Note that some A Levels offered at the school are UK linear courses, as per the table below.

Cambridge Assessment International Education (modular - AS Level resits available in October/November)	Edexcel International A Level (modular - AS Level resits available in October/November) *Our school policy is to re-aggregate the Further Mathematics and Mathematics A Level in order to achieve the best overall grade.	Edexcel GCE A Level (Linear) * All units sat at the end of Year 13 ** Student sit the stand alone AS Level at the end of Year 12.
Business	Biology	Chinese**
Chemistry	Further Mathematics*	Drama & Theatre Studies**

Memberships

Nord Anglia Education (NAE) is a premium education provider currently operating 56 international schools in 25 countries. The British School of Guangzhou is also a member of the Council of International School (CIS) and the Federation of British International Schools in Asia (FOBISIA).

Accreditations

The school is fully accredited by Cambridge Assessment International Education and Edexcel to deliver and examine the International General Certificate of Education (IGCSE), General Certificate of Education (GCSE), International A Level (IAL), and GCE A Level. The school is also a registered SAT test centre.

Extracurricular & Students Leadership

At BSG we offer an extensive programme of extracurricular and student leadership opportunities, which are specifically designed to promote our core values of integrity, respect, commitment, responsibility and a love of learning. Some of the highlights of the 2018-19 programme include the Year 12 Tanzania Expedition, Duke of Edinburgh International Award, the Extended Project Qualification, Student Council, Charity Committee, Model United Nations, collaborations with MIT and Juilliard, the Student Leadership Committee and regular sports fixtures.
