

Curriculum Synopsis

The curriculum of Islamic Studies for **year nine** aims to recognise the attributes of Emirati students and to reinforce their national identity and strengthen their loyalty to their homeland. Moreover, the curriculum allows students to acquire religious knowledge and concepts and it links them to modern life in accordance to the teachings of Islam, which are based on the concepts of moderation, love, peace and tolerance. Furthermore, it strengthens Islamic values in students that help them build their personality and provides them with diverse learning activities.

The standards of Islamic education focus on six areas of learning representing the components of the subject, namely: divine revelation (the Quran and the Hadith) and belief, the values and literature of Islam, the provisions and purposes of Islam, and biography and personalities, identity and issues of the period.

In term2 we will be covering the following topics:

- Surat Al-Waqilah 1-26
- Forbidden (Halal) and forbidden (Haram) foods and drinks.
- Bearing good news and warning.
- The Prophet's method of educating a generation.

Supporting at Home

The support at home aims to document the student's relationship with the Holy Quran as the first source of knowledge, behavior, values, taste and beauty in order to build a Quranic mentality and psychology, by continuing to read the Qur'an and taking into account the provisions of intonation (*tajweed*).

One of the key elements of the support is to instill the love of Prophet Muhammad "peace be upon him" in the heart of the student through the experience of the Prophet's biography, and provide the life of the Prophet (peace and blessings of Allah be upon him) as a good example and a role-model to follow.
