

This Week in F1 27/04/2017

A look back at this week...

The children have been very busy building their very own boat!

At home:

GIANT shape sort

Encourage your child to look for objects around the house that represent different shapes.

Reminders

Due to the weather getting warmer, please ensure that your child brings in a hat and wears sun block. The sun block must be applied at home. Please do not send sun block in to school.

Thank you.

Please provide your child with a swimming costume/trunks, an extra change of clothes and a towel each day. Children will have the opportunity to splash in a shallow splash pool in small, timed group sessions. Please remember to write your child's name on each item brought in. Thank you.

The following week we will continue to learn:

- About the sung poem "A hole at the bottom of the sea" by Jessica Law
www.youtube.com/watch?v=R1Qn2bcZRT0
- About the ocean and its many sea creatures
- 2D shapes and their properties
- About using technology
- About a food chain
- Creative activities to do with sea

Top Tip!

Because we are learning about ocean creatures, why not take your child to the local fish market in Al Khor on the corniche or LuLu's to see the variety of fish caught in our local waters? Perhaps you could purchase a fish and take it home to cook? Encourage your child to talk about their experience using open ended questions. This is a very interesting article on encouraging children to talk.
