Overview of the Re-opening Plan for 2020-2021

Message from the Principal

Dear parents,

As we prepare to re-open our school for the new academic school year of 2020-2021, I am writing to share an overview of our planning and protocols in order to provide quality learning and a safe environment for your child.

Our commitment to the ongoing learning of all our students is at the heart of every decision we make here at NAS Jakarta. Over the past few weeks our dedicated team of staff have been working hard to put systems in place that will enable our students to access their learning whether that be online or on campus.

The key points for your information are as follows:

- In line with Ministry guidance and the other international schools in the city, we are unfortunately unable to open in August for on-campus learning. Therefore, in order to support you as families of Early Years and Primary children, we are reducing the amount of online learning in August.
- In the following pages you will find the adjusted school calendar. The total number of days of learning remains the same but the start of the new school year has been pushed back to Monday 24th August and the school year will now end on Wednesday 30th June.
- We remain positive as a school that we will be allowed to open for campus-based learning in September having already successfully been inspected earlier this month for our hygiene protocols. We will of course keep you updated about this.
- Once campus-based learning resumes, we will be using a simple set of 4 rules for hygiene with the children which you will find described in the following pages. Please do start to use the statements with your children if you feel it is appropriate to do so where you are currently as we want our students to feel secure and comfortable as the new school year begins.

We are looking forward to moving **FORWARD TOGETHER** in learning at NAS Jakarta at the start of this new year!

Kind regards,

Rosy Clark
Principal

Term Dates Calendar 2020-2021

AUGUST 2020

The NAS Jakarta

4 steps

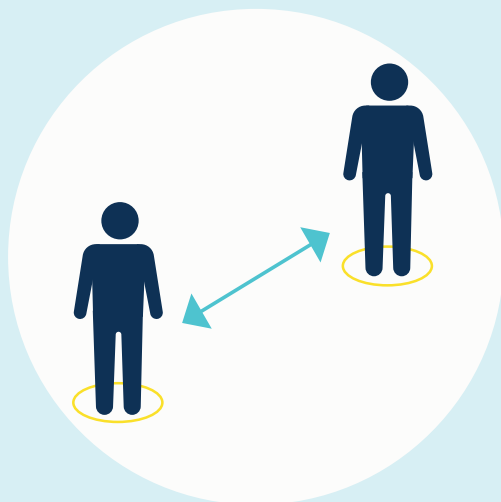

to stay safe

Wear my mask

Wash my hands

Spread out

Clean my space

Health and Safety on campus

SCREEN

All individuals coming on campus are subject to temperature checks

CLEAN

Regular disinfecting and deep cleaning of areas in, during, and after use

HYGIENE

Regular handwashing and availability of hygiene supplies

DISTANCE

Maintenance of grouping size and separation guidelines

Virtual School Experience

Monday 24th – Monday 31st August

- **All our students will begin the year with an online programme.** As always at the beginning of the new school year, teachers will introduce the year ahead in a positive way sharing their expectations for learning and behaviour, as appropriate for the age group. This will be a thematic week of learning to engage your child.
- Your child's teacher will share the timetable for the Virtual School Experience before Monday 24th August including registration times, specialist lessons and assembly.
- Your children's daily learning will be a combination of "live lessons" and uploaded learning to Tapestry (Early Years classes) or Seesaw (Years 1 – 7) for your family to access.
- Our Virtual School Experience will provide an increased amount of "live lessons" for your child compared to our provision last term.

Virtual School Experience for students not yet back in Jakarta

During campus-based learning, we will support our families who are not yet back in Jakarta in the following ways:

- You will receive the class timetable to follow (Jakarta time).
- Daily learning including links to recorded "live lessons" will be uploaded onto Tapestry (Early Years classes) or Seesaw (Years 1 – 7) for your family to access.
- Personalised 1:1 sessions will be provided for your child with their teacher during the week.

Campus based learning

- We will be following the guidelines set out by the Ministry of Education and the Indonesian government regarding campus-based learning. We will share information about **start dates and age groups** able to access campus-based learning as soon as we have received it.
- All our staff will work together to support your child to follow the 4 simple rules:
 - 1. Wear my mask** Re-usable masks must be worn at school. Your child will need **2 masks** per day – one for the morning and one for the afternoon. They will need a bag to store their dirty mask for washing at home.
 - 2. Wash my hands** Your child will be able to wash their hands regularly using the sinks and soap provided.
 - 3. Spread out** Space between others on campus will be ensured due to the amount of space we have at NAS Jakarta including ample space outdoors for break and lunchtimes. Your child will be supported to understand how to leave a space between themselves and others.
 - 4. Clean my space** Your child will be taught how to wipe their learning space during the day.
- Teachers will help to prepare your child for a smooth transition back to campus-based learning during our Virtual School Experience.
