## Why do our students love NAS Jakarta?

Year 1 Komodo students say:

"I love school because all of my friends are kind to me."

"I love playing on the playground and my friends and experiments are so cool."

"I love school because I like the classroom and the reading area and arts and crafts table."

"I like climbing on the spider web in the playground, swimming with Ms. Peppy and PE."

Dear Parents,

## Welcome to issue 11 of the NAS Jakarta Newsletter 2021-22

As you are aware from the number of emails you have been receiving from school, our focus and energy has been upon managing the number of positive Covid cases in our school community. A month on from our first student testing positive this term, we still have children, parents or members of staff testing positive every day across the school. We understand the frustration and disruption this brings and hope that numbers begin to plateau and decrease soon.

So, this week we have marked Valentine's Day with a focus on our students' love for NAS, their friends, teachers and learning. We hope this brings a smile and raises everyone's spirits!

Wishing you a happy weekend!

Kind regards,

**Rosy Clark**

Principal
