

Job Description – Head of Computing

Introduction

The British International School Shanghai, Pudong, is an all-through school of approximately 1,000 students aged from 18 months to 18 years. There are 60 nationalities represented within the student body.

ICT is a popular subject and is taught up to Year 9, both in discrete lessons and through other subjects. Computer Science is offered at IGCSE and at IB Level.

As with many schools at the present time the ICT curriculum is under review. The development of Computing for all ages will be a priority for this position.

Purpose of the Job

The learning of ICT and Computing is essential for academic success in our school and success in life and careers beyond school. The Head of Computing oversees the provision for ICT and Computing, supporting teachers across the school to produce the best possible lessons that will inspire and challenge every student.

Responsibilities

In addition to the responsibilities for a teacher, the responsibilities for the Head of Computing include:

- creating regular opportunities for teachers to share, reflect and improve on classroom practice
- leading Faculty and Department meetings, ensuring a focus on improving student outcomes
- overseeing the development of a progressive and challenging curriculum
- ensuring assessment and feedback strategies are of the highest standards and have a direct impact on improving the quality of teaching and learning
- as a member of the team of Curriculum Leaders, playing a major role in ensuring the development of teaching and learning policies and practices across the school
- supporting teachers in the timely and effective reporting of information to parents
- developing ICT to be an example of excellence to others within and beyond the school
- ensuring all staff follow the expectations of the school and maintain the highest professional standards at all times

All members of staff contribute to the school's extra-curricular programme and are expected to play a full part in the life of the school.

Person Specification

The Head of Computing will be:

- an outstanding teacher
- a trusted colleague
- student focussed
- a highly effective communicator
- adaptable and flexible to changes of circumstance
- a hard worker
- enthusiastic and compassionate

The successful candidate will possess exceptional leadership skills, able to develop and inspire staff who are already performing at a high level.

The ideal candidate would be experienced in teaching IB Computer Science and also be comfortable with the new Computing curriculum, including programming in a higher-level language such as Python or Java.

Benefits

The British International School Shanghai, Pudong and Nord Anglia Education will offer you an outstanding opportunity to lead in an international school of the highest standard. You will make a difference to the personal development of hundreds of young people and to the staff who work in the school.

The financial remuneration is comparable to that of the UK and there are additional benefits including housing and health insurance. You will receive professional support and development which will challenge you each day and prepare you for further career accomplishments.

China is an exciting country with an increasing influence on our world. You will live in Shanghai, a cosmopolitan world city, one which continues to develop each year within a healthy and growing economy. There are wonderful opportunities to visit and experience different parts of China and other East Asian countries.
