Be Ambitious

At Regents International School Pattaya, we offer more students in Thailand a bright future than any other international school outside of Bangkok.

Our new Bright Futures Short Course for boys and girls aged 7 to 14 combines high-quality English (EAL) lessons in the morning with fun activities in the afternoon. The aim of the course is to provide students with access to some of the skills which will help them be successful in the future: English language, leadership, team-work and self-confidence.

The house will be managed by our Boarding & Welfare Manager and a team of boarding assistants, all of whom will live amongst the children.

Children attending as 'day-students' will arrive at 08.30 and depart at 16.30 each day. A local minibus transport service will be available to day-students at extra cost.

Compulsory elements of the course

All students will participate in the English language programme. English lessons will be led by a fully-qualified, native-English-speaking teacher, supported by bi-lingual Thai teaching assistants.

For the afternoon activities, students must choose from one of following options, which they join for the full week:

1. Regents Sports Programme

A programme of sports activities on the school campus, including swimming, football and basketball, with a strong focus on developing the important skills of teamwork, leadership and self-confidence.
