

SPORTS COLOURS

If a student has achieved any *two* of the following within the same academic year, they will be awarded Sports Colours at the Sports Award Ceremony in May.

- Gold ISACK medal (team or individual)
- Gold BSME medal (team)
- Any BSME medal (individual)

This is reckoned per sport (eg swimming, football, athletics) not by separate sub-events within sports (eg different swimming strokes or different athletic disciplines).

An exception is made so that a student who achieves ISACK Gold in the same sport but in two age categories is also eligible for the award of Sports Colours.

The award is in the form of a tie with twin maroon diagonal stripes. Sports Colours may be worn for the remainder of the academic year in which they are received, and for the entire following academic year, but must be re-earned the following year to retain the entitlement to wear the special tie.

The Secondary leadership teams may decide to remove Sports Colours from any recipient whose standards of work, behaviour or attitude fall below the very high level expected of the holder of such a prestigious and visible award.
