RE: INTERNATIONAL AWARD ON LINE RECORD BOOK

Dear Parents/Guardians,

Your son or daughter has been registered for the Duke of Edinburgh's International Award this year. At the start of this academic year the International Award launched an online platform where students are required to keep a record of everything they do for the Award.

The online record book enables students to see their progress in each section - physical recreation, service, skills and the adventurous journey, and they are able to keep a journal of their activities to show their regular commitment. On completion of the online record book they will be awarded the appropriate level of IA Bronze, Silver or Gold.

The International Award Scheme offers this online record book at a small fee detailed below.

| | |
|--------------|--------|
| Bronze Award | 105RMB |
| Silver Award | 155RMB |
| Gold Award | 217RMB |

In order for your child to use the online record book and achieve the Award the appropriate payment for the Award your child is undertaking should be returned to the Secondary Reception by Monday 26 January in a sealed envelope for the attention of Mr Mager and labeled with the student's name, class and award being undertaken.

The International Award is globally recognized and has a significant impact upon those who participate and the communities they serve. To read more about the IA you can log on to <http://www.intaward.org/> Please do not hesitate to contact me at j-mager@bisspuxi.com if you have any questions.

Regards,

Job Mager
International Award Co-ordinator
