How to Apply

STEP 1: The Application

- Download, complete and save the application form. Give a short summary of why the student should be considered for the scholarship you have selected in the space provided on the form. We would prefer the student to complete this statement themselves but are happy for parents to complete on behalf of younger students.
- Candidates should write about themselves, their future ambitions, why they feel they would benefit from the scholarship and what they believe they can contribute to the school. The summary should highlight achievements directly related to the scholarship category.
- The letter should be in English but should indicate if English is not the candidate's first language.
- Submit copies of any supporting documents such as certificates, awards, references from current teacher, or previous school reports.
- Submit the application form and supporting documents to Scholarships@regents-pattaya.co.th

STEP 2: Interviews

- The Scholarship Committee will meet once a month to review applications.
- Candidates will be invited to an interview with the School Principal and members of the Scholarship Committee as appropriate.
- You may be asked to bring additional supporting evidence to the interview.

STEP 3: Scholarship Award

- Candidates will be notified if their application has been successful and what level of scholarship award they have been granted within 1 week of the interview with the Committee.
