

Year 5 Home Learning Menu

Starters: Numeracy

Find as many equivalent fractions as you can. Use diagrams and pictures to help you.

Create a poster demonstrating everything you have learnt about fractions.

Have a look at percentages and how these can be converted in to simple fractions- have a go at doing independently!

Demonstrate the relationship between decimals, percentages and fractions.

Main Course – you **MUST** do these every week:

- Reading 3 times a week
- 10 spellings
- Times Tables
- Mathematics
- Reading Eggs

- Everyone **must** finish the main course every week. Work must be completed by Tuesday.
- Dessert projects are optional. If you have completed it, you will be asked to present your work to your teachers and peers.
- If you are feeling *extra* hungry, you can order from the starters. Each dish has a difficulty rating. The more chilies, the more *challenging* the task!
- Why not spend some time tackling some of the family side dishes? Time spent as a family is important and you can learn together whilst having fun.

Dessert: Optional projects are due on **03/02/19**

- Create a fact file or PowerPoint about the life of the Ancient Greeks.
- Create a model of the Trojan Horse, using any materials you like.

Sides: Family Fun

- Learn a Greek poem off by heart and perform it to your friends.
- Cook some Greek food with your family and have it for a meal this week.
