Dear Students and Parents,

The academic year 2020-21 at The British School of Kuwait (BSK) will begin online, with lessons commencing on Sunday 06 September 2020. This period of eLearning will continue until such a time that we are able to welcome students back to our campus.

Although students will initially be working from home, they will still need the same equipment as they would ordinarily use in school, and there are also a few additional items as a result of us starting this academic year online.

- glue stick, safety scissors
- mathematical equipment (calculator, compasses, protractor)
- tracing paper (if they are studying mathematics)
- notebooks including white, lined, squared and graph paper
- small whiteboard and whiteboard pens
- folders for storing work

Students enrolled on the following courses require the additional items listed below and should ensure that they have them available for these lessons:
