Profile

# Community Partners Highlights

## Extravagant Yak

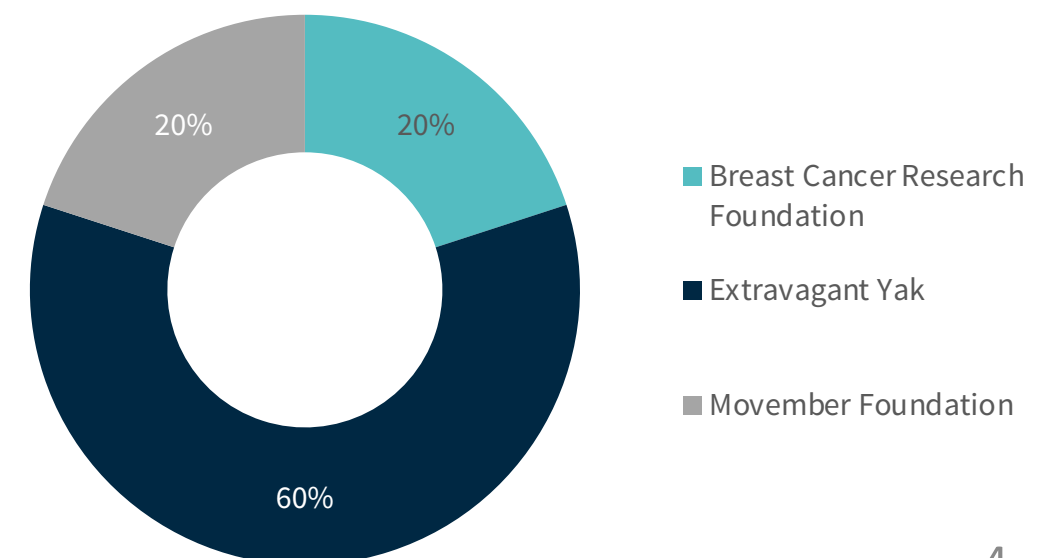

Extravagant Yak has many contacts in the Tibet Autonomous Region. They are able to create links with various orphanages and projects in the area. They have been particularly supportive for our CAS journey creating service projects and providing links which are otherwise difficult to arrange.

## Breast Cancer Research Foundation

The Breast Cancer Research Foundation is a non-profit organization committed to achieving prevention and a cure for breast cancer. We provide critical funding for cancer research worldwide to fuel advances in tumor biology, genetics, prevention, treatment, metastasis and survivorship.

## Movember Foundation

Movember seeks to make a global contribution to men living happier, healthier, longer lives. This ambition underpins everything they do. It is the driving force behind their campaigns, funding strategy, and vision for the future. Movember is the only charity tackling men's health on a global scale, year round. They are addressing some of the biggest health issues faced by men: prostate cancer, testicular cancer, and mental health and suicide prevention.

## Our work with Balang school

August 2019

The leman community donated many goods including soft toys, blankets, heaters and clothes for children in the Balang School in Tibet. The CAS students transported these goods to the school when going to their service trip.

During their CAS trip, students ran educational and fun activities for children in the Balang School. The children were primary age and spoke little English. The students therefore arranged the activities, organised equipment and took responsibility for the activities.

# Movember Fund Raiser & Breast Cancer Awareness

November 2019

On the 29th of November, our Grade 11 students collected votes for the best Movember moustache grown during the last month! On that day to support cancer awareness, students were also encouraged to wear pink in support of those battling breast cancer. Nine teachers – Mr Sutcliffe, Mr Glowinski, Mr Filipe, Mr Rutherford, Mr McCabe, Mr Paul (Gd5), Mr Riley, Mr Watkins and Mr Ben grew moustaches in support of the Movember movement, which is centred around a charity which works to support men suffering from testicular cancer and depression.

Students were allowed to cast votes on which teacher grew the best moustache, one kuai donated equalling one vote. Mr. Glowinski won the contest with an amazing 595 votes and Mr. Felipe was the runner up, earning 367. All in all, almost 2000 Yuan was raised in support of both the Movember charity and Breast cancer Research. We thank all parents for the money they gave their children to donate, and all teachers who participated and helped out along the way!
