

Dear Parents

This letter has been sent home to inform you about your child's learning for **next week**.

In **Numeracy**, we are going to be focusing on place value. The children will be using the base 10 cubes to create 2-digit numbers. We will also be using 100-squares to find one more or one less from any given number.

In **Literacy**, the children will be starting their new topic about superheroes. They will be designing and naming their own superhero. They will also be using their knowledge of adjectives, to describe their superhero. If they aren't excited enough from that, they will also be designing and making their own trap for the villain.

In **Science**, the children will be exploring the new Science topic, 'The Solar System'. Together, we will brainstorm the children's current knowledge about 'The Solar System' and begin to learn about what is in our Solar System.

In **PSHE**, the children will be learning about healthy and unhealthy food and how to live a healthy lifestyle.

In **IPC**, the children will be continuing with the topic of 'Our World'. They will be looking at the weather and the climate in different countries. They will be learning about the different clothes they need to wear when the weather changes.

In **Art**, the children will make their own mosaic picture using tiles and plaster. They will put the techniques they have previously learned into practice and create a colourful mosaic picture.
