# MIT *Hacking* Challenge 2017-18

Each term, BSB Sanlitun will run an all-school hacking challenge as part of our MIT collaboration...

Science  
Technology  
Engineering  
Art  
Maths

## *Be Ambitious*

There are no limits to what you can achieve. Hacking @ BSB Sanlitun is a positive way to practice and demonstrate our Be Ambitious philosophy.

### *What is hacking?*

Hacking encourages students to be innovative and think creatively to solve problems.

### *Who is a hacker?*

A person with great technical skill combined with an innovative sense of humour.

### *How can I hack?*

By creatively changing the function of an everyday object.

# Helping your child *invent* the future

Through interdisciplinary STEAM  
learning with MIT, your child will  
have the skills to imagine a future  
of *infinite possibilities*.
