

Dear Parents

This letter has been sent home to inform you about your child's learning for **next week**.

In **Literacy**, we will be starting a new topic using 'Big Writing Adventures'. We will look at the structure and language used in an incident report before writing a narrative about an incident of our own.

In **Numeracy**, we will be ordering seven digit numbers, round whole and decimal numbers and then using negative numbers in context.

In **Science**, we are learning what deforestation is and the negative impact it has on the environment.

In **IPC**, the students are working in groups to organise and plan a television broadcast based on an oil spill.

In **ICT**, we will be taking part in the 'Lego Challenge'. The aim will be to design and build a sustainable city or building out of Lego.

In **PSHE**, we will be understanding the feelings we have when we experience loss in our lives. We will be talking about strategies we can use to cope with loss, as well as understanding how to be empathetic towards others.

For **Spellings**, students will receive their spelling lists on Thursday and will be tested on the list the following week. Students will have 11 words to learn during the course of the week.

Notice & Reminders:

- Please remember to check your child's Communication Book daily.
- Please remember to like our Facebook page Year 6 for updates from the Year group.
- Parts for the upcoming production have been given. Please help support your child in learning their lines.
- Our Science Fair is on the 8 May. Please ensure your child brings in the following: enough equipment for the experiment, a scientific write up of their experiment and a poster for their experiment. We would love you to join us!

Have a lovely weekend!

Yours faithfully

Year 6 Team
