

Dear Parents

This letter has been sent home to inform you about your child's learning for **next week**.

In **Literacy**, we will be revisiting the past tense, as well as looking at using apostrophes and commas in our writing before our Big Write at the end of the week.

In **Numeracy**, we will be learning how to round whole numbers to the nearest 10, 100 or 1000 as well as looking at column subtraction.

In **Science**, we will continue with our new Science topic 'Electricity and Magnetism.' We will explore a simple circuit and learn about the different parts of a circuit.

Our **IPC** topic is 'Digital Gaming.' We will continue to use the programme 'Scratch' to create our very own games.

In **Art**, we will continue to draft our designs for covers of Digital Games, using key features that are necessary to promote them successfully.

In **ICT**, we will continue to work on our data table in an Excel spreadsheet using Doha's weather data.

In **PSHE**, we will continue learning about our differences using the new PSHE curriculum.

For **Spellings**, students will receive their spelling lists on Wednesday and will be tested on the list the following Wednesday. Students will have 9 words to learn during the course of the week.

Notice & Reminders:

- Your child will be registered as late if they arrive to school after 07:10 when the first bell goes. Please aim to arrive around 07:00 so that your child has time to get to the courtyard and their line for the bell.
- Please check your email for the assessment letter that was sent home yesterday.
- Please remember to check your child's Communication Book daily.
- Please remember to like our Facebook page (Year 4) for updates from the Year group.
- Please make sure to send your child in with a reusable water bottle and cap.

Have a wonderful weekend!

Yours faithfully

Year 4 Team
