Why learn French language?

In today's world, speaking one foreign language is no longer enough. Students who speak several languages increase their chances of finding a job within the Global market.

Today, French is an official language in almost 50 countries, including Canada.

It is spoken by more than 200 million people on five continents.

It is also an official language of the United Nations, the Red Cross and many other international organisations.

French is the second-most commonly studied foreign language after English, and acts as a foundation for learning other languages.

Why take DELF Diploma?

The DELF (Diplôme d'Etudes en Langue Française) is an official French-language diploma awarded by France's Ministry of Education. The DELF diploma:

- is recognized around the world and is valid for life;**
- is based on the same international standard used in 164 countries (CEFR);**
- offers advantages for Higher Education: it is recognized internationally by Francophone institutions and French universities (B2 or higher level);**
- opens doors to a wide range of career and recreational opportunities around the world.**
