The learning Hub - Our Vision

More than a Library

To offer more than a traditional Library and create a Learning Hub that is a free space and welcomes all subjects.

A relaxed environment, contemporary and creative that encourages students to think and research in a cosy setting. The Learning Hub will be a flexible, adaptable, and open & transparent space that is not just about reading but a learning space – a hub.

It will inspire students to be ambitious while collaborating and engaging in learning and creating a learning buzz. A place that will evolve...

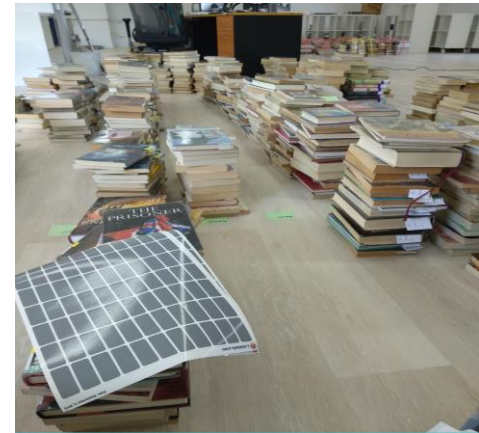

What happened next ...

All books were packed up

Students came in and helped us getting ready!

We genrefied our collection

Only to be unpacked again and weeded a few months later

And it was completed in October 2019
