

ENVIRONMENTAL AUDIT AUTUMN 2018

BY THE ECO-COMMITTEE

GOING WELL:

ENERGY SAVING:

- All the light bulbs we use are 100% LED light bulbs
- There are air pillows in the entrances to school
- Door and window insulation is efficient
- The building is insulated well
- There are leaflets about energy saving around the school

OTHER AREAS:

- We recycle paper, plastic and batteries
- We organise events to promote reusing, eg. second-hand shopping
- We organise events to promote ZERO WASTE
- Rainwater is collected and used
- We take part in conserving close protected areas on a daily basis
- We organise events to promote protection of the environment, eg. tree planting, rubbish picking...

IMPROVEMENTS:

ENERGY SAVING:

- Light sensors could be used in areas like cloakrooms
- More renewable sources of energy could be used
- Organise activities to involve community outside the school

OTHER AREAS:

- Have a school and kitchen compost in the school yard
- Organise more activities to improve conditions for wild animals
