AT A GLANCE

A prestigious international boarding school in Geneva

110 nationalities

An average of 20 students per class

English, French or bilingual learning programmes

100+ extracurricular activities

High school diploma programme with AP options

Mandatory courses and electives studied over four years lead to the High School Academic Diploma. AP courses and some IB options may be taken in grades 11 and 12 if students have a proven record of academic achievement in the subjects concerned.

International programme

Studies in IGCSE years 1 & 2 lead to external examinations in the chosen subjects. Successful completion of IBDP years 1 & 2 prepares the students for the rigorous and academically challenging International Baccalaureate Diploma examinations. Studies in the IB career programme equip students with 21st century skills as well as a rigorous academic preparation.

English as an additional language (EAL)

The EAL Programme supports students who are not native English speakers and prepares them to integrate the High School Diploma Programme or the International Programme.
