

## **Getting to and from school**

### **Bus companies**

Many of our students are commuting by school bus. We use a reputable school bus company with whom we have been working together for over 15 years. Junior Bus enter into a contract directly with the parents of the children using the services of the bus company. Parameters of the transport service, like routes, timing, pick-up and drop-off as well as contractual details are discussed between the parent and the coordinator of the bus company. Junior Bus is an independent business entity from the school.

The school cooperates very closely with the bus company. On arrival at school, the bus driver accompanies younger children to the school teacher. At school end, we ensure that the children get on their bus safely. School buses are available when school ends as well as after the extra-curricular activities. Should you be interested in using bus service, please contact them, details will can be found on the link below
