## *Our Extracurricular Activities*

At La Côte International School Aubonne, we pride ourselves on offering our students the opportunity to explore their interests and develop their individual passions through our extracurricular activities programme.

In addition to our range of clubs, we offer an After School Care programme for those families needing an extended school day. We will also be offering after-school booster classes for our Primary students in English and French. More information about these will be sent in due course. LCIS can provide contacts for private music lessons on our school premises, which will be invoiced separately by the private teachers.

Some clubs and sports are offered free of charge by LCIS. Where we bring in additional expertise for activities, these clubs are fee-paying, and they will be invoiced to you directly by the provider.

A schedule for our Term 1 extracurricular activities and clubs is contained in this brochure, and online registration is required prior to the start of each school term.

Please note that some clubs may be offered for only one term or part of a term. Those clubs which run for part of a term are indicated by Term 1.1 or Term 1.2 referring to before and after the mid-term holiday, respectively.

Should you wish to change any of your child's extracurricular activities or require After School Care, please contact [Chelsea.Pattison@international-school.org](mailto:Chelsea.Pattison@international-school.org). 🌟
