Re: The Inaugural European Programming Camp with Code Avengers

Dear Parents/Guardians,

Thank you for expressing your interest in our Code Camp. We are delighted to confirm the first programming camp in Europe, in collaboration with Code Avengers, will be held at our school in Budapest, the week beginning Monday 20th October, 2014.

This will involve a 3 day supervised camp (ages 10-18/for all abilities) that will offer students the opportunity to learn coding skills to create apps, games and website design. It will involve problem solving, team challenges and inquiry-based learning skills. The camp is limited in numbers and has been opened up to students across all Nord Anglia Education schools in Europe, as well as other international schools in Budapest.

The price of the 3 day camp has now been reduced to 76,000 HUF (250 EUR) which includes all instruction for 3 days, lunches, certificates and a unique Code Avengers t-shirt.

An information evening will be held on Tuesday 23rd September 2014 to give you more details about the programme. Until then, if you have any further questions, please don't hesitate to contact me at paul.walton@bisb.hu.

Please complete the application form overleaf and return it, with payment, to the finance office by Friday 26th September 2014.

Best wishes,

Paul Walton
