Everywhere.

An introduction to The Global Classroom

# The Global Classroom

**Nord Anglia Education's Global Classroom develops confident and passionate individuals who engage with global issues and lead their own learning to reach levels of high performance.**

Our Global Classroom connects students from across the world and allows them to experience diverse perspectives and new and challenging concepts, subjects, topics and ways of learning. This is through:

**1. AN ONLINE LEARNING ENVIRONMENT**

Where students are inspired, challenged and gain in confidence by learning with experts, debating with others and making connections across the world.

**2. IN-SCHOOL ACTIVITIES**

Where students are set challenges and competitions and can collaborate in teams to create innovative solutions to current world problems.

**3. FACE-TO-FACE EVENTS**

Where students are brought together from across the world to work on community service projects, develop leadership skills and foster a sense of global citizenship.

**INQUIRE** INTO A WIDE VARIETY OF RELEVANT ISSUES, PROBLEMS AND QUESTIONS

Nord Anglia Education's Global Classroom is built on Professor Deborah Eyre's exclusive High Performance Learning approach. It enables our students to continue to develop, outside of their normal classroom activities, the essential knowledge, critical thinking skills and necessary learning behaviours to become High Performance Learners and help them succeed both at school and in later life. Above all, our Global Classroom ensures that each and every one of our students has the best opportunity to: Collaborate, Explore, Innovate, Inquire and Lead.

**COLLABORATE** WITH STUDENTS FROM AROUND THE WORLD

**EXPLORE YOUR IDEAS THROUGH CREATIVE WRITING, TOPICAL DEBATE, ART, SCIENCE AND MUSIC**

**INNOVATE** BY FINDING REAL SOLUTIONS TO LOCAL AND GLOBAL PROBLEMS

*"It was an awesome experience for everyone, teachers and students. It makes me feel proud of myself and my school."*

**Student,** *The British International School Budapest*

LEAD GROUPS OF STUDENTS

*"The Global Classroom expedition was an absolutely life changing experience."*

**Student,** *Compass International School Doha*

IN-SCHOOL AND ACROSS THE WORLD

*"A more interesting and inspiring way of learning."*

**Student,** *The British School of Beijing*
