

Shaping the future

Preparing your child for the
world of tomorrow

2018/2019

A close-up photograph of a hand holding a wooden stick, possibly a drumstick or a pointer, against a blurred background of a classroom. The hand is wearing a blue long-sleeved shirt. The background shows the out-of-focus faces of children sitting at desks.

You want the best for your child.
So do we.

Learn here. Succeed anywhere.

We understand that, as a parent, you want the best for your child. So do we. We want your child to achieve more than they may have believed possible.

When you join a Nord Anglia Education school, you are part of a global community. We are ambitious for your child's learning, so recruiting and retaining world-leading teachers with international expertise through our global programmes, ensures your child learns from the best.

Our personalised approach enables your child to foster a love of learning while nurturing 21st century skills and a global mindset. Together this not only leads to academic success in school, but also prepares your child for life after school.

*Educating for
the future*

We think beyond traditional learning to transform education.

*The world's finest
teachers*

Our global scale enables us to recruit and retain the best teachers in the world.

*Engaging learning
environments*

95% of parents say their child is happy at our schools.

Educating for the future

Our schools enable students to achieve academic success while also nurturing the knowledge, skills and mindset needed to thrive in a rapidly-changing world.

We think beyond traditional education to transform learning. Individually tailoring our approach to your child's learning enables them to achieve outstanding academic results while developing the skills and mindset to thrive in a changing world.

Academic excellence and beyond

From our youngest students aged three to those preparing for university at 18, Nord Anglia Education schools support every student to overcome challenges and strive beyond expectations.

Year-on-year, our students achieve academic results that exceed national and global averages across the different curricula. Our graduates are able to follow their passions, attending leading universities around the world and pursuing diverse and rewarding careers.

Personalised learning for every child

Our dedicated Education Team based in Oxford has more than 150 years of combined experience, based on international best practice and ensuring the quality of personalised learning in our schools.

Curricula enriched by world-leading organisations

So that your child learns from the best, we collaborate with world-leading organisations and experts to enhance our curricula, including The Juilliard School, MIT and UNICEF. Our global programmes offer your child exclusive resources and challenges to enrich their learning in school and connect it beyond the classroom to the real world.

Our world-leading teachers

We know the difference that great teaching makes to your child's learning. This is why we are able to attract and retain the most talented, passionate and dedicated experts to get to know your child, ensure they are challenged and inspire them to succeed.

Being part of the Nord Anglia Education family gives our teachers access to resources, training and support to create exceptional learning experiences in our classrooms, personalised to each child. What's more, our teachers are able to share their ideas, experiences and best practice with others across our global network so that your child benefits from the sharing of international best practice.

Selecting the finest teachers

Our rigorous recruitment process

Our teachers are vital to making our schools some of the best international schools in the world. Thanks to our global reach and reputation, we are able to attract the finest educators. On average, we receive more than 25 applications for every vacancy, meaning we can select excellent teachers – those with the experience, expertise and passion to help your child love learning and thrive.

Staying at the leading edge

Our approach to professional development

Our teachers are masters of their craft, committed to lifelong learning. We provide access to the latest knowledge, training and resources available, such as our exclusive executive master's programme in International Education at King's College London. Nord Anglia University provides teachers with extensive professional development opportunities and the chance to progress, learn and collaborate with fellow Nord Anglia professionals around the world. By supporting our teachers' professional growth, your child benefits from advances in educational practice.

Global Best Practice

Setting the highest standards

We harness the skills and insights of our teachers around the world. By drawing on best practices from all our schools and exchanging ideas and challenges, your child benefits from the power of our global community of educators.

Engaging learning environments

We believe there is no limit to what our students can achieve, academically, personally or socially.

Our schools, and the one-of-a-kind opportunities we create for your child inside and outside the classroom, enrich learning, instill life-long memories and support your child to achieve more than they may have thought possible at every age.

One-of-a-kind experiences

Adventures in and out of the classroom

At Nord Anglia Education learning goes beyond the classroom. Every day is a learning adventure for your child, whether it's presenting to the United Nations in New York, connecting with thousands of other students through our online network, Global Campus, or travelling to Tanzania on our expeditions to learn how to give back and make a difference in the world.

A global community

We strive to ensure every child loves coming to school

When your child joins a Nord Anglia Education School, they will instantly feel at home. From Boston to Beijing, Hong Kong to Houston and Washington to Warsaw, our diverse global community stretches across borders. We ensure that every child will learn alongside students from different cultures and can make friendships that last a lifetime.

Leading-edge facilities

Your child deserves the best

We invest heavily in our schools annually, ensuring our students are taught in world-class facilities. 93% of parents say their child is taught in a stimulating learning environment.

Creating tomorrow's change makers

We believe that our students and staff should be empowered to take their ideas and passions to create meaningful change at a global level. That is why we have launched a charitable foundation and global campaign centre to equip our students with the skills and resources to take their social conscience and turn it into powerful social change.

Alongside these initiatives we are launching the Nord Anglia Education Share A Dream platform, which was designed exclusively for us and is able to track our schools' philanthropic footprint and help schools, students and teachers to plan, execute and report on outreach, volunteering activities and events and get even more involved in their communities.
