Our History

Nord Anglia Education was founded in 1972 in the United Kingdom. The name Nord Anglia was chosen because of the company's beginnings in the north of England. We initially offered learning services such as English-as-a-foreign-language classes and grew during the 1980s by opening full-scale nurseries and kindergartens. In 1992, we opened our first international school, the British School of Warsaw. In the 2000s, Nord Anglia Education began a strategic focus on premium international schools, with rapid growth in Asia, the Americas, China and across Europe and the Middle East. A truly international organisation, NAE now operates premium international schools worldwide. In July 2019, Nord Anglia Education will be relocating its headquarters from Hong Kong to London, enabling even stronger growth in the future.
